Honoured Master,

Please accept my
best thanks for kindly lending
me your learned & humorous
paper on Suryuti. I have

read it with great profit &
interest. I have one request

to make of you & it is to
ask you to allow me
to translate into English
your articles on the

'Shan'bigya' in the

Indo-Iranian Studies.

Your book has unfortunately
not been translated here

in English but I believe

Mr. Rostky

once intended to handle it -
+ if I am informed correctly
he actually did handle - a
portion of it.

I greatly regret I cannot
avail myself of you which
on the 23rd 1851 which is in
the Hungarian language -

I have seen, hope you will
prove as a treatise - that
subject is either German or
French - I am sent it
the East & West 2 January
month - of the first
then a paper 2 since
on the Vagant - it -
is a modest attempt -
at the history of the
Vagant -

It is a double handle for me. And I
hope you will like it -
